Insurance for your surfing equipment

So you can start your surf vacation carefree, we would suggest you a complete insurance over 20 €. In case of damage, West Surf Morocco will assume the costs.

Of course you can start your holiday uninsured, but in case of damage , the cost of reparation would be on you.

- Starting my surfing holiday with insurance (20 € were paid)
- Starting my surfing holiday without insurance and take over in case of damage costs

This also I confirm that I have a travel insurance and in the case of an accident , the insurance pays for me. Not West Surf Morocco .
